Fly Fishing - Iceland, Tungufljot 22.-27.8.2027

Fly fishing for salmon on Tungufljot river in Iceland. Fishmaster will arrange a hosted fly fishing trip to the Tungufljot on 22nd-27th August 2027. Jouni Rauha works as a host for this fly fishing trip. The Tungufljot is one of the most beautiful rivers located in southern Iceland 100 km South-East from Reykjavik.

Tungufljot. The Tungufljot is one of the most attractive salmon rivers in Iceland. It's a large/medium size river that originates in the southern highlands and joins the mighty Hvíta. It winds it's way down to the lowlands through spectacular canyons and opens up on the lower pools, with breathtaking scenery wherever you look. The salmon makes it's way up through the vast Hvita/Ölfusa river system, the largest river system in Iceland, before reaching Tungufljot – far inland.

The natural surroundings are spectacular, the river itself is a dramatic combination of gravel-flats and waterfalls and gorges, ensuring the variety of pools fished are great. You will find calm pools as well as fast flowing ones. Access is very good and most pools are accessible by regular sedans or smaller 4x4 vehicles. Tungufljot catch for the last years is 300-500 salmon per season.

Fly Fishing. The beat on Tungufljot river is about 3 km long and only 4 rods fly fish both West and East banks below Faxi falls. We will rotate pools between our group. Daily fishing hours in Late August are from 7.00 until 13.00 and again from 15.00 to 21.00. The fishing season is from June 24th until 30th September.

Flies. Good flies for the Tungufljot river salmon are for example Blue & Black, Black Sheep, Silver Sheep, Frances, Snaelda, Blue Charm, Sunray Shadow. Best flies for Arctic Char are bead head nymfs like Pheasant Tail in sizes 10-14.

Fly Fishing Tackle. For fly fishing for salmon on the Tungufljot we recommend 12-14' double handed rods for lines 8-10 and suitable fly reels with good quality brakes. Sink tip shooting heads are most used fly lines. For fly fishing for Arctic Char we recommend 9-10' feet single hand fly rods in class 4-6. It is mandatory to have your fishing gear disinfected on arrival at Keflavík international airport customs.

Accomodation for group will be in a self catering luxury villa with a stunning panorama view over Tungufljot river, valley and mountains. The luxury villa is located close the Tungufljot fishing beat with 4 bedrooms, 2 x shower, 2 x toilet, well-equipped kitchen and a comfortable large livingroom. We will cook meals together in accomodation, but meals are not included in price.

Travel Arrangements. A hosted Fishmaster fly fishing trip. Jouni Rauha works as a host for this trip. Guests will take an interational flight to Reykjavik Keflavik airport and continue with rental cars to the Tungufljot river. It's about two hours driving from Keflavik airport to the Tungufljot.

Trip length: 4 fishing days/5 nights

Group size: 1 host + 3 persons

Price includes: Accomodation in single bedrooms, Fishing licenses, Introduction of beat

Price excludes: Flights to/from Reykjavik Keflavik, Disinfection (30-40 eur/person), Meals, Rental car

Fish species: Salmon, Arctic Char

Travel Arrangements. Fishing trips to Iceland, Tungufljot River are hosted trips. Anglers will take a flight to Keflavik airport. At the airport they will meet host Jouni Rauha and continue to the Tungufljot with rental cars, it is about 2 hours drive.

General information. Please book the flights for yourself according to flight schedule recommendations. We try to avoid too long waiting at the Keflavik airport. After you have booked your flights, give the flight numbers and schedules for Fishmaster/Jouni Rauha by e-mail: jouni@fishmaster.fi. Take with the tackle listed. Please pack the luggage into a big soft bag, it’s easier to back them into a rental car.

Tungufljot – 3 Most productive pools

Faxi Falls pool

West (Right) side. The famous Faxi Falls pool is the most productive pool of the Tungufljot river and can be fished only from the West (Right) bank of the river. The most productive area in this Faxi pool is the tail of pool. Faxi pool needs to be waded, but quite short casts are enough. Parking is by the Faxi falls, only about 150 m from the pool.

Canyon pool

East (Left) Side. Very nice, long and productive pool which is easy to wade and fish. Canyon pool is quite wide and needs little wading and quite long casts also. Best and most productive area is in the middle/ lower part and the tail of pool where the deep channel comes close to the Left bank. This pool can be fished also on West (Right) bank but is much easier and better to fish from East (Left) bank. Parking is by the gravel road, about 500 m from the pool.

Island pool – Holmabreida

West (Right) Side. Very nice, long and productive pool which is easy to wade and fish. Best and deepest area is in the middle/ lower part of the pool. In addition to Salmon in this pool you will find also some very good size of Arctic Char. This pool can be fished also on East (Left) bank but is much easier and better to fish from West (Right) bank. Parking is by the end of gravel road, very close to the pool.

Trip Schedule

22.8. Sunday. Gathering at the Keflavik airport. Meeting the host Jouni Rauha and other anglers at the airport. Visit at Tax Free shop and disinfection of fishing gear. Rental car transport from airport to the Tungufljot River. Check in to luxury villa. Dinner in accomodation.

23.-26.8. Monday-Thursday. Fly fishing for salmon on the Tungufljot River. Breakfasts, lunches and dinners at cottage. Daily fishing hours in September are from 7:00 until 13:00 and again from 15:00 to 21:00. Rotating the beats between the group every 3 hours. Breakfast at 6:00, lunch 13:00-15:00.

27.8. Friday. Leaving cottage early morning and heading back to the Keflavik airport with rental car. Arriving to the airport. Returning the rental car. Flight back home according to everyone's flight schedules. Alternatively you can stay one night in hotel in Keflavik/Reykjavik and take an early morning flight next day.

Tungufljot - Tackle List

Pack into hand luggage or wear on

Backpack
Warm hat
Polarized sunglasses
Raingear or wading jacket
T-shirt
Long sleeve shirt
Underwear
Warm, long underwear to use under waders
